DETAILED ACTION

Response to Amendment

1. The amendment filed November 16, 2005 has been entered and claims 30, 36 and 49-51 have been cancelled.

Election/Restrictions

2. This application is in condition for allowance except for the presence of claims 52-72 to an invention non-elected without traverse. Accordingly, claims 52-72 have been cancelled.
3. **This application is in condition for allowance except for the following formal matters:**

See below.

Prosecution on the merits is closed in accordance with the practice under *Ex parte Quayle*, 1935 C.D. 11, 453 O.G. 213.

A shortened statutory period for reply to this action is set to expire TWO MONTHS from the mailing date of this letter.

Specification

4. The specification is objected to as failing to provide proper antecedent basis for the claimed subject matter. See 37 CFR 1.75(d)(1) and MPEP § 608.01(o). Correction of the following is required:

Claim 31 depends from a cancelled claim 30. There is insufficient antecedent basis for this limitation in the claim.

Art Unit: 2826

Claim 40 recites the limitation "the second electrically insulating layer." There is insufficient antecedent basis for this limitation in the claim.

Claims 34 and 37 recite "... at least one shallow trench" and "a shallow trench" respectively. Since the single shallow trench disclosed in the specification has been introduced in claim 21, Claims 34 and 37 should read, "said shallow trench."

Double Patenting

5. Claim 29 (claims 31-40 depend from claim 29) is objected to under 37 CFR 1.75 as being a substantial duplicate of claim 1. When two claims in an application are duplicates or else are so close in content that they both cover the same thing, despite a slight difference in wording, it is proper after allowing one claim to object to the other as being a substantial duplicate of the allowed claim. See MPEP § 706.03(k).

Any inquiry concerning this communication or earlier communications from the examiner should be directed to A. Sefer whose telephone number is (571) 272-1921.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Nathan Flynn can be reached on (571) 272-1915.
